

2012 Annual Report

We are so very proud to announce that the Healing Touch Worldwide Foundation disbursed over \$18,000.00 in 2012. Projects which were funded include: two ongoing Healing Touch research studies, a Healing Touch humanitarian project involving Fukushima tsunami survivors, Healing Touch instructor development and class support in Nepal, as well as two military stand-down events in Dallas and San Antonio which provided Healing Touch. The direct support provided to our military in uniform was spearheaded by a sister group, the Healing Touch Professional Association.

Our grant support has steadily increased from \$5,000.00 in 2009 to our present state. This, of course, is due to the absolutely wonderful support we have enjoyed, mostly from our ever growing, loyal Healing Touch community.

Our 13 Board members infuse much energy into this work, for which we all have such a passion. Individually, we use our various

Message from the President

strengths in committees; together, we combine our views, hopes, and discussions, entertaining fresh ideas to raise funds, and to make decisions to stay true to "Spread Healing Light Worldwide."

We know that all we need do is ask...

It is time now for us to reach out into other communities who would be more than willing to help us with the work which Janet Mentgen founded.

In this spirit, we "Thank You" in advance for your generous and ongoing support of a foundation whose vision is to spread Healing Touch to communities throughout the world!

- Karen Chin, HTWF President
